

Child Protection and Safeguarding Statement and Policy For GoCreate Taunton CIC

The purpose and scope of this policy statement

GoCreate Taunton is a Community Interest Company whose registered office is at GoCreate Taunton CIC, Room 11, Flook House, Belvedere Road, Taunton, TA1 1BT. GoCreate undertakes a range of Arts based activities ranging from School Workshops and Arts Award related activities, Arts Trails and Events organisation.

The purpose of this policy statement is:

- to protect children and young people who receive GoCreate Taunton CIC's services from harm. This includes the children of adults who use our services
- to provide staff and volunteers, as well as children and young people and their families, with the overarching principles that guide our approach to child protection.

This policy applies to anyone working on behalf of GoCreate Taunton CIC.

Legal framework

This policy has been drawn up on the basis of legislation, policy and guidance that seeks to protect children in England. A summary of the key legislation is available from [nspcc.org.uk/learning](https://www.nspcc.org.uk/learning).

We believe that:

- Children and young people should never experience abuse of any kind
- We have a responsibility to promote the welfare of all children and young people, to keep them safe and to practise in a way that protects them.

We recognise that:

- the welfare of children is paramount in all the work we do and in all the decisions we take all children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse

Child Protection and Safeguarding Policy

We will seek to keep children and young people safe by:

- valuing, listening to and respecting them
- appointing a nominated child protection lead for children and young people, a deputy and a lead board member for safeguarding
- adopting child protection and safeguarding best practice through our policies, procedures and code of conduct for staff and volunteers
- recruiting and selecting staff and volunteers safely, ensuring all necessary checks are made
- recording, storing and using information professionally and securely, in line with data protection legislation and guidance [*more information about this is available from the Information Commissioner's Office: ico.org.uk/for-organisations*] GoCreate is registered with the ICO.
- using our safeguarding and child protection procedures to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families and carers appropriately
- using our procedures to manage any allegations against staff and volunteers appropriately
- creating and maintaining an anti-bullying environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying that does arise
- ensuring that we have effective complaints and whistleblowing measures in place
- ensuring that we provide a safe physical environment for our children, young people, staff and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance
- building a safeguarding culture where staff and volunteers, children, young people and their families, treat each other with respect and are comfortable about sharing concerns.

All children and young people will have the same protection regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity. We are committed to anti-discriminatory practice and recognise the additional needs of children from minority ethnic groups and disabled children and the barriers they may face, especially around communication.

We are committed to reviewing our policy annually. This Statement and Policy is due for review on 5th June 2023

GoCreate Taunton CIC Safeguarding Policy

Introduction

This Child Protection and Safeguarding Policy applies to **all** staff, including paid staff, volunteers and sessional workers or anyone working on behalf of GoCreate Taunton.

We believe that a child or young person should never experience abuse of any kind. We have a responsibility to promote the welfare of all children and young people under the age of 18 years and keep them safe.

Purpose:

- To inform staff and volunteers their responsibilities for safeguarding children and to enable everyone to have a clear understanding of how these responsibilities will be carried out.
- To inform on the Somerset Safeguarding Children Board's Inter-agency Child Protection and Safeguarding Procedures.

Safeguarding and promoting the welfare of children refers to the process of protecting children from maltreatment, preventing the impairment of health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

Child Protection refers to the processes undertaken to protect children who have been identified as suffering or being at risk of suffering significant harm.

Staff refers to all those working for or on behalf of the organisation, full time or part time, temporary or permanent, in either a paid or voluntary capacity.

Child includes everyone under the age of 18 Years old.

Parent refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

Those working with children are advised to maintain an attitude of '*it could happen here*' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child and develop a culture where *Safeguarding is everyone's responsibility*.

Implementation, Monitoring and Review of the Child Protection Policy

This policy applies to all young people, staff, parents, volunteers and visitors. This policy will be reviewed annually by the committee and will be monitored by the Designated Safeguarding Lead.

Working Together to Safeguard Children (DfE 2018) requires each Education Provision to follow the procedures for protecting children from abuse which are established by the out in the South West Child Protection Procedures (www.swcpp.org.uk) and Somerset Safeguarding Children Board.

Child Protection and Safeguarding Policy

Providers are also expected to ensure that they have appropriate procedures in place for responding to situations in which: a child may have been abused or neglected or is at risk of abuse or neglect: a member of staff or volunteer has behaved in a way that has, or may have harmed a child or that indicates they would pose a risk of harm.

The Designated Safeguarding Lead

The committee should ensure an appropriate person will take lead responsibility for child protection. This person should have the status and authority within the provision to carry out the duties of the post including committing resources and where appropriate, supporting and directing others.

Responsibility of the Designated Safeguarding Lead (DSL) and Deputy DSLs when supporting or stepping up in the Designated Lead absence

- The DSL/DDSL will refer all cases of suspected abuse or neglect to the Local Authority Children's Services (Safeguarding and Specialist Services) and/or Police (cases where a crime may have been committed) or to the Channel programme where there is a radicalisation concern.
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies.

Training

The Designated Safeguarding Lead should undergo Somerset's formal training every two years (Advanced Child Protection).

Dealing with a disclosure

If a child discloses that he or she has been abused in some way, the member of staff or volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Explain what has to be done next and who has to be told
- Make a written record
- Pass the information to the Designated Safeguarding Lead **without delay**

Child Protection and Safeguarding Policy

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Safeguarding Lead.

Record Keeping

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the record of concern sheet wherever possible.
- Do not destroy the original notes in case they are needed by a court
- Record the date, time, witness, place and any noticeable non-verbal behaviour and the words used by the child
- Indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions
- Agree and record actions and outcomes

All records need to be given to the Designated Safeguarding Lead promptly. No copies should be retained by the member of staff or volunteer.

Confidentiality

Safeguarding and protecting children raises issues of confidentiality that must be clearly understood by all staff/volunteers.

All staff and volunteers, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police).

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This may ultimately not be in the best interests of the child.

Staff/volunteers who receive information about children and their families during their work should share that information only within appropriate professional contexts.

Procedure

When a member of staff is concerned about a child he or she will inform the Designated Senior Lead. The Designated Safeguarding Lead will decide whether the concerns should be referred to Children's Services. If it is decided to make a request

Child Protection and Safeguarding Policy

for involvement to Children's Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSL's role to make request for involvement, any staff member can make a referral to Children's Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out Female Genital Mutilation), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSL, the DSL must be informed as soon as possible.

When a person is employed or engaged to carry out 'teaching' work in England, in the course of their work, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 or there is a risk this might occur the teacher must report this to the police. This is a mandatory reporting duty. See - Keeping Children Safe in Education (DfE 2018): Annex A for further details.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations.

Attention must also be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept and attendance procedures followed.

Communication with Parents

We are fully committed to working in partnership with Parents. GoCreate Taunton will ensure the Child Protection and/or Safeguarding Policy is available publicly via the website.

Parents should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material.

(The provision may also consider not informing parent(s) where it would place a member of staff at risk).

The Provision will ensure that parents/carers understand the responsibilities placed on the school and staff for safeguarding children.

Allegations involving staff/volunteers

An allegation is any information which indicates that a member of staff/volunteer may have:

Child Protection and Safeguarding Policy

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.

If staff members have concerns about another staff member then this should be referred to the CEO. Where there are concerns about the CEO, this should be reported directly to the Local Authority Designated Officer (LADO).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

The recipient of an allegation must not unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation meets the threshold for safeguarding, this will take place in accordance Somerset Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via GoCreate's internal procedures.

For further information see: SSCB's Allegations Management or contact Somerset Direct for a referral to the LADO **Somerset Direct 0300 123 2224**.

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

NSPCC whistleblowing helpline is available for those who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285, line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email:

help@nspcc.org.uk

Appendix A.

Types of Abuse including e safety

Physical abuse is deliberately hurting a child causing injuries such as bruises, broken bones, burns or cuts. It isn't accidental - children who are physically abused suffer violence such as being hit, kicked, poisoned, burned, and slapped or having objects thrown at them. Shaking or hitting babies can cause non-accidental head injuries (NAHI). Sometimes parents or carers will make up or cause the symptoms of illness in their child, perhaps giving them medicine they don't need and making the child unwell – this is known as fabricated or induced illness (FII). There's no excuse for physically abusing a child. It causes serious, and often long-lasting, harm – and in severe cases, death.

Neglect is the ongoing failure to meet a child's basic needs and is abuse. A child may be left hungry or dirty, without adequate clothing, shelter, supervision, medical or health care. A child may be put in danger or not protected from physical or emotional harm. They may not get the love, care and attention they need from their parents. A child who's neglected will often suffer from other abuse as well. Neglect is dangerous and can cause serious, long-term damage - even death.

Sexual Abuse A child is sexually abused when they are forced or persuaded to take part in sexual activities. This doesn't have to be physical contact and it can happen online. Sometimes the child won't understand that what's happening to them is abuse. They may not even understand that it's wrong.

Emotional abuse is the ongoing emotional maltreatment of a child. It's sometimes called psychological abuse and can seriously damage a child's emotional health and development. Emotional abuse can involve deliberately trying to scare or humiliate a child or isolating or ignoring them. Children who are emotionally abused are often suffering another type of abuse or neglect at the same time – but this isn't always the case

Specific abuse and vulnerability concerns.

Domestic Abuse

Domestic abuse may take many forms. Witnessing the physical and emotional suffering of a parent may cause considerable distress to children, and both the physical assaults and psychological abuse suffered by adult victims who experience domestic abuse can have a negative impact on their ability to look after their children. Children can still suffer the effects of domestic abuse, even if they do not witness the incidents directly. However, in up to 90% of incidents involving domestic violence where children reside in the home, the children are in the same or the next room. Children's exposure to parental conflict, even where violence is not present, can lead to serious anxiety and distress among children. Children can see school as a safe retreat from problems at home or alternatively not attend school through a perceived need to be at home to protect abused parents or siblings.

Child Protection and Safeguarding Policy

Domestic abuse can therefore have a damaging effect on a child's health, educational attainment and emotional well-being and development. The potential scale of the impact on children is not always easy to assess, but may manifest itself as behavioural, emotional or social difficulties, including poor self-esteem, withdrawal, absenteeism, adult-child conflict. Children sometimes disclose what is happening or may be reluctant to do so, hoping that someone will realise something is wrong.

Fabricated or Induced Illness by Carer (FII)

FII is a condition whereby a child suffers harm through the deliberate action of their carer and which is attributed by the adult to another cause.

FII can cause significant harm to children. FII involves a well child being presented by a carer as ill or disabled, or an ill or disabled child being presented with a more significant problem than he or she has in reality and suffering harm as a consequence.

There are three main ways of the parent/carer fabricating or inducing illness in a child: Fabrication of signs and symptoms, including fabrication of past medical history.

Fabrication of signs and symptoms and falsification of hospital charts, records, letters and documents, and specimens of bodily fluids.

Induction of illness by a variety of means.

The possibility of fabricated and induced illness should be considered where there are discrepancies between professional and parental perceptions of the child's needs or of any illness or disability and where there is a possibility of significant harm to the child. Where there are suspicions of FII in a child, the school's DSL must make a referral to Children's Social Care and/or the Police. Parents should not be informed of suspicions at this stage.

Child Exploitation, Sexual (CSE) and Child Criminal Exploitation

There will be other circumstances which give cause for serious concern about the welfare of children; such as Child Exploitation (CE).

The exploitation of children and young people under 18 involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive something (e.g. food, accommodation, drugs, alcohol, cigarettes, affections, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities.

CSE can occur through the use of technology without the child's immediate recognition; for example, being persuaded to post sexual images on the Internet/mobile phones.

In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources.

Violence, coercion and intimidation are common; involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from their social/economic and/or emotional vulnerability.

The current definition updated March 2017 states:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for

Child Protection and Safeguarding Policy

something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Further information on county lines can be found at <https://www.childrenssociety.org.uk/what-is-county-lines>
Somerset's CSE screening tool can be found at:
<http://sscb.safeguardingsomerset.org.uk>

Peer on peer abuse including (Harmful Sexual Behaviour, Sexual violence and Harassment in education 2017)

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to children's services and the police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

When considering whether behaviour is abusive, it is important to consider: Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or whether the perpetrator has repeatedly tried to harm one or more other children; or where there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Somerset County Council recommends that education settings use The Sexual Behaviours Traffic Light Tool by the **Brook Advisory Service** to help professionals; assess and respond appropriately to sexualised behaviour. The traffic light tool can be found at www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.

Guidance on responding to and managing sexting incidents can be found at: <https://ceop.police.uk>

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as "banter" or "part of growing up".

Honour-Based Violence (HBV)

So-called 'honour based' violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation, Forced Marriage and practices such as breast ironing.

Child Protection and Safeguarding Policy

All forms of so-called HBV are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubt, staff should speak to the DSL. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

Female Genital Mutilation (FGM)

FGM comprises all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons (World Health Organisation). It is also sometimes referred to as female genital cutting or female circumcision. The practice is illegal in the UK.

FGM is not an issue that can be decided on by personal preference – it is an illegal, extremely harmful practice, and a form of child abuse and violence against women and girls. Professionals in health, social care and teaching have a statutory duty to report all cases of FGM to the Police where disclosure or signs of FGM are noted, or where a person knows or suspects FGM has been – or will be – perpetrated. When someone reports FGM to the Police, they should ask for a crime reference number. If there is an IMMEDIATE RISK, call the Police on 999 (emergency number). If there is NOT an immediate risk, call the Police on 101 (non-emergency number).

Forced Marriage

The UK Government describes this as taking someone, usually overseas, to force them to marry (whether or not the FM takes place), or marrying someone who lacks the mental capacity to consent to the marriage (whether they're pressured to or not). Breaching a Forced Marriage Protection Order is also a criminal offence.

When a disclosure or signs of FM are noted, staff should always alert the Headteacher immediately. We should never attempt to intervene directly as a school or through a third party. In such situations, the DSL will always call either Somerset Direct/Police and/or the Forced Marriage Unit on 020 7008 0151.

Breast Ironing/Binding

Breast ironing (also known as breast flattening) is the pounding and massaging of a pubescent girl's breasts, using hard or heated objects, to try to make them stop developing or to disappear.

When a disclosure or signs of breast ironing are noted, staff should always alert the DSL immediately.

Faith Abuse

Faith abuse is linked to a belief in witchcraft or possession by spirits and demons. In such instances, physical and/or psychological violence may be used in order to "get rid" of the possessing spirit.

Child Protection and Safeguarding Policy

Child abuse is never acceptable in any community, in any culture, in any religion, under any circumstances. This includes abuse that might arise through a belief in spirit possession or other spiritual or religious beliefs.”

Faith abuse usually occurs in the household where the child lives. It may also occur in a place of worship where alleged “diagnosis” and “exorcism” may take place.

When a disclosure or signs of faith abuse are noted, staff should always alert the DSL immediately. In such situations, the DSL will always call Somerset Children’s Social Care Emergency Duty Team on 0300 123 2224.

Extremism and Radicalisation

The UK Government defines extremism as: “The vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs” and/or “calls for the death of members of our armed forces, whether in this country or overseas.” Radicalisation is defined by the UK Government within this context as: “The process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.”

We take the “Prevent” duty seriously and recognise that Safeguarding against extremism and radicalisation is no different from Safeguarding against any other vulnerability; it is about protecting children and young people from being groomed and exploited by others.

Historical Abuse

Historical abuse (also known as non-recent abuse) is an allegation of neglect, physical, sexual or emotional abuse made by or on behalf of someone who is now 18 years or over, relating to an incident which took place when the alleged victim was under 18 years old.

The Police should be informed about allegations of crime at the earliest opportunity. Any reports of historic abuse made to Avon and Somerset Police must be to the Safeguarding Co-ordination Unit 01823 349037.

County Lines, Cross Borders, Gangs, Trafficking and Cuckooing.

These are police terms for urban gangs supplying drugs to suburban areas and market/or coastal towns using dedicated mobile or ‘deal lines’. Gangs use children and vulnerable people to move drugs and money. Often they take over the homes of vulnerable adults and children by force or coercion in a practice referred to cuckooing. Getting involved in gang culture can have serious and potentially devastating consequences, with dealers/offenders/members not afraid to use violence. There are people themselves vulnerable and at risk of exploitation by gang members from outside the county. Any activity that seems to be suspicious, or involve drug dealing/crime/exploitation should be passed to the police on 101. Should young people

Child Protection and Safeguarding Policy

thought to be involved the early help assessment is a useful tool. A request for involvement to CSC/police is needed if the child is at immediate risk of harm.

Private Fostering.

Private fostering is when a child under the age of 16 (18 if they are disabled) lives with someone who is not a close relative, guardian or person with parental responsibility for 28 days or more. Private fostering is not the same as fostering arranged by the local authority.

Children and young people become privately fostered for a variety of reasons

- Their parents live overseas and they come to this country to attend school
- Their parents are ill and cannot look after them
- Their parents work away from home, possibly abroad
- Their parents have come to the UK to study or work and require someone to look after their children
- They are teenagers who are estranged from their families

The law says that the Local Authority must be told about all private fostering arrangements. The child's parents or carers should notify us of the arrangement, although anyone else involved in making the arrangement or who is aware of it also has a responsibility to inform us.

The Children Act 1989, and section 44 of the Children Act 2004, outlines the legal duty of the local authority to make sure that the welfare of all privately fostered children is safeguarded and promoted.

A social worker will need to check the placement is suitable and that all the needs of the child or children are being met. They will also speak to the child or children to make sure that a thorough assessment of the placement is carried out. When we are made aware a child may be privately fostered a request for involvement will be made to Somerset Direct.

Hate Crime.

A Hate Incident is any incident which the victim, or anyone else, thinks is based on someone's prejudice towards them because of their race, religion, sexual orientation, disability or because they are transgender. If you, or anyone you know, has been called names, been bullied or had anything happen to them that you think may be because of one of these factors, then you should report this as a hate incident. Not all hate incidents will amount to criminal offences, but those that do become hate crimes.

Sexting.

Sexting is sending, receiving, or forwarding sexually explicit messages, photographs or images, primarily between mobile phones. It may also include the use of a computer or any digital device. The provision will follow local procedures with police and Somerset Safeguarding Children's Board

Online Abuse

This type of abuse happens on the web, through social networks, playing online games or using a mobile phone. Children and young people may experience cyberbullying, grooming, sexual abuse, sexual exploitation or emotional abuse. Children can be at risk of online abuse from people they know, as well as from strangers. Online abuse may be part of abuse that is taking place in the real world (for example bullying or grooming). Or it may be that the abuse only happens online (for example persuading children to take part in sexual activity online). Children can feel like there is no escape from online abuse – abusers can contact them at any time of the day or night, the abuse can come into safe places like their bedrooms, and images and videos can be stored and shared with other people.

Grooming.

Is when someone builds an emotional connection with a child to gain their trust for the purposes of sexual abuse, sexual exploitation or trafficking. Children and young people can be groomed online or face-to-face, by a stranger or by someone they know - for example a family member, friend or professional. Groomers may be male or female. They could be any age. Many children and young people don't understand that they have been groomed or that what has happened is abuse.

Missing Children.

Anyone under the age of 18 years is to be considered “missing” if he/she is absent from his/her place of residence without authority to a degree or in circumstances where the absence causes concern for safety of the child or a danger to the public” This includes children and young people who have been forced to leave home and those whose whereabouts are unknown and those who feel they have had to leave home (rather than making a positive choice to do so).

High risks concerns include where:

- The responsible adult has no indication when the child is likely to return
- The child develops a pattern of going missing repeatedly
- The child's location is unknown, or reason for absence is unknown there is cause for concern for the child because of their vulnerability
- The child is at high risk of CSE/gangs
- The child is pregnant or has a young child
- The child has a history of suicidal thoughts or behaviours
- The child is at risk of radicalisation

See Somerset Safeguarding Children Board Protocol for Children who go missing .
<https://sscb.safeguardingsomerset.org.uk/wp-content/uploads/2016/06/Missing-Children-Protocol.pdf>

Children missing Education (CME) are children of compulsory school age who:

Child Protection and Safeguarding Policy

Are not on a school roll, and
Are not getting a suitable education other than at school

For more information, refer to the Somerset 's Children Missing in Education Policy. When children abscond from, or on route to/from, school, unexpectedly going missing from their registered school or education provider, parents/carers must be informed immediately, and the Police involved where appropriate. When children (who are NOT on holiday and/or whose reason for absence is unknown) the absence is recorded as unauthorised and the education provider makes good attempts to find the child. Should the child not be found the case should be referred following the Child Missing in Education process. The CME referral process does NOT replace Safeguarding procedures for the reporting of Child Protection concerns, which must be observed at all times.

MissingChildren MissingChildren@somerset.gov.uk
Elective Home Education Team EHETeam@somerset.gov.uk
Children on roll.

Where there are Children on roll but missing education through complex, refusal or medical need (including those cases open to education welfare service, health or SEN) remain the **settings** responsibility for safeguarding and procedures will be put in place to monitor their wellbeing

Should a child/parent refuse or be non-attending due to a court process for poor attendance the provision needs to escalate and monitor welfare. Cases should be referred to *The Team around the School* who will consider support or escalation

Early Help

"Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years, through to the teenage years". [Working together to Safeguard Children, March 2018](#).

It's about working with children, young people and their families to identify and address problems before they escalate. Early help includes services that are available to all families as well as services for more vulnerable families who need a greater level of support. Effective early help means that:

- Parents and or care-givers feel supported to provide stable, consistent and appropriate care for their families
- Children and young people achieve their education and development goals
- Young people are equipped with the skills and attitudes to join the workforce and overcome barriers to employability
- Children and young people achieve the best possible physical and mental health
- Children and young people are safe and feel safe

Child Protection and Safeguarding Policy

We want to have a consistent and collaborative early help offer for children, young people and families delivered jointly by all partners. Giving the ability to offer the right help at the right time as soon as a problem emerges. Early Help is everyone's responsibility; we want children, families, communities and agencies to work together so that families are assisted to help themselves and are supported as soon as a need arises, thereby improving the overall wellbeing and quality of life of all Somerset children, young people and their families.

Providing the right information and advice to enable choice for families so they can be empowered to make positive changes themselves with tailored support where needed. Helping families build protective factors and family resilience so that they have the skills, knowledge and ability to meet the children's needs and to prevent situations escalating

The early help assessment is used to help practitioners gather and understand information about the strengths and needs, based on discussions with the family. The holistic assessment identifies the most appropriate way to meet those needs.

Practitioners in universal or targeted early help services can complete an early help assessment on their own or with the support of the Early Help Co-ordination Hub.

Managing Allegations and Escalation

On being advised of an allegation which meets the criteria, the designated senior manager should contact the Local Authority Designated Officer (LADO) within 1 working day. Phone Somerset Direct on **0300 123 2224** for a referral.

The LADO's role is to provide advice and guidance to organisations dealing with allegations, to liaise with the police and other agencies, and to monitor the progress of cases to ensure that they are dealt with as quickly as possible, consistent with a thorough and fair process.

All referrals should be made in the first instance by phone to Somerset Direct indicating that you wish to refer an allegation against an adult who works with children. Please follow up all referrals using the LADO Reporting Form available on the Somerset Children Safeguarding Board site.

Escalation

When working with professionals from other agencies there will at times be differences of opinion with regards to how to respond to an identified concern about a child, young person or family. Disagreements can be a sign of developing thinking, and the value of exchanging ideas from different perspectives should not be under-estimated and is one of many benefits of partnership working.

Transparency, openness and a willingness to understand and respect individual and agency views are core aspects of a safe multi-agency / inter-agency working. Good

Child Protection and Safeguarding Policy

preparation, open lines of communication and planning by professionals who take responsibility for decision-making will ensure differences of view are kept to minimum. However, disagreements may disadvantage the child or family involved if they are not resolved constructively and in a timely manner.

Safeguarding and promoting the welfare of children is a responsibility shared by all agencies. If you feel that a professional or an agency is not acting in the best interests of the child, young person or family, you have a **responsibility** to respectfully challenge the professional or agency. The Somerset Children Safeguarding Board or the SSE Education Safeguarding Adviser can provide further advice on this matter.

SSCB referral routes Somerset Safeguarding Children Board

The SSCB has a statutory duty to co-ordinate how agencies work together to safeguard and promote the well-being of children and young people in Somerset and to ensure the effectiveness of the safeguarding arrangements.

Report a child at risk

If you are worried about a child or young person who could be in danger please contact

- Children's Social Care on 0300 123 2224
- by email at childrens@somerset.gov.uk
- or the police

You can contact the police directly by dialling 101 and they will discuss with Children's Social Care what action should be taken. **In an emergency always contact the police by dialling 999.**

If you would like to speak to a social worker outside of office hours please phone the Emergency Duty Team (EDT) on 0300 123 23 27.

If you suspect child abuse:

- **Do** listen to the child
- **Do** take what the child says seriously
- **Do** act quickly
- **Do** share your worries with Children's Social Care, the police or the NSPCC - they are there to help you
- **Do** continue to offer support to the child
- **Don't** delay
- **Don't** probe or push the child for explanations
- **Don't** assume that someone else knows and will help the child. You must act
- **Don't** be afraid to voice your concerns, the child may need urgent protection and help

Safeguarding is everybody's business.

Radicalisation and Extremism is defined as the process by which people come to support terrorism and extremism and, in some cases, to then participate in terrorist groups.

“Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas” (HM Government Prevent Strategy 2011). Prevent is one part of the United Kingdom’s counter-terrorism strategy (CONTEST) and aims to stop people from being exposed to extreme ideologies and becoming radicalised. The CONTEST strategy is divided up into four priority objectives:

- Pursue – stop terrorist attacks
- Prepare – where we cannot stop an attack, mitigate its impact
- Protect – strengthen overall protection against terrorist attacks
- Prevent – stop people becoming terrorists and supporting violent extremism

It is an approach that involves many agencies and communities, to safeguard people who may be at risk of radicalisation. Since the publication of the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been attempts to radicalise vulnerable children and young people to develop extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

Keeping children safe from these risks is a safeguarding matter and should be approached in the same way as safeguarding children from other risks. Children should be protected from messages of all violent extremism.

To report concerns, contact the Regional Police Prevent Team:

- Phone: 01179 455 536
- Email: channelsw@avonandsomerset.pnn.police.uk

The SSCB

The Somerset Safeguarding Children Board (SSCB) is the statutory, multi-agency partnership with responsibility for coordinating, monitoring and challenging all activity relating to safeguarding children and young people living in Somerset. Safeguarding Children Boards were set up as a result of the 2004 Children Act and are regulated by that law.

The work of the SSCB is broad and varied but includes:

Child Protection and Safeguarding Policy

- Developing multi-agency policies and procedures for safeguarding
- Participating in the strategic planning of children's services
- Communicating the need to safeguard and promote the welfare of children to professionals and the public
- Conducting Serious Case Reviews when a child dies or is seriously harmed and abuse or neglect is suspected
- Ensuring procedures to ensure a coordinated response to unexpected child deaths
- Collecting and analysing information about all child deaths that occur in the area to identify issues of concern
- Providing multi-agency training and development to staff on safeguarding children
